

THREE FALLS SUMMER CAMP

Leading the Way - *Make Camp Three Falls your choice for summer camp adventure in 2019!*

Our campers tell us that our staff, food, and program make us their “standard of comparison” among Boy Scout Summer Camps, and the assessment teams from the BSA’s National Camp Accreditation Program consistently praise our extensive staff development program, friendly atmosphere, and efficient camp organization.

Three Falls offers the advantages of a smaller camp – easy travel between campsites and program areas, small class sizes, and an excellent staff-to-camper ratio – along with a large selection of merit badges and a rich program of extracurricular activities that rivals the biggest camps.

Make this the year that YOUR unit becomes part of the Three Falls family.

CAMP THREE FALLS: BETTER THAN EVER

As you plan your 2018-2019 unit calendar, consider Camp Three Falls for your next summer camp... particularly if you haven't been there in a while. Things have changed dramatically over the past several years. The latest improvement is a new, modern shower facility at the pool; many smaller projects have been completed and more are planned for the coming year. But most importantly, we offer an unrivalled program with something for every age group.

Scouts BSA Summer Camp

Adventure Trek Program – including two nights of outpost camping, plus climbing, teambuilding, shooting, mountain biking and more for your older Scouts.

Frontier Survivor – a unique program for avid hikers, featuring a series of daily hikes on our own 1,250 acre property and the adjacent Los Padres National Forest, and an overnight outpost camp under the stars.

Mountain Biking – including Cycling Merit Badge and recreational rides.

Rendezvous – Our signature Fort features a blacksmith's forge where we offer Metalworking Merit Badge using the Blacksmithing option. Plus flint-and-steel firebuilding, tomahawk throwing, branding, and more.

Trail-to-First Class Program – praised by campers as one of the best in Southern California.

Merit Badges – We offered 36 merit badges in 2018, including 7 Eagle-required merit badges for your older scouts. The mix changes from year to year and both familiar summer camp staples, and a selection of less-ordinary offerings that you won't see at most other camps. Some examples:

STEM – Our STEM program offers Space Exploration, Geocaching, Photography, Electricity, Mining in Society, and Astronomy Merit Badges. STEM also sponsors an evening star party with an 8-inch Meade telescope.

Welding Merit Badge – taught by Jack Compton, a master welder who wrote the merit badge book.

Pottery Merit Badge – with a commercial kiln and three pottery wheels.

Citizenship in the Nation and Citizenship in the World – Taught by Mr. Three Falls, Tony Waters.

Free Time and Evening Programs – Camp games, Firequest, Seneca Run, Cantina Night, Action Archery, Low COPE, Night Climb on our 57-foot climbing tower, and much more – a selection of activities that rivals or exceeds what most larger camps offer.

Webelos Resident Camp

Three Falls has been delivering an outstanding Webelos program for more than two decades. We have fully updated our program to incorporate the latest Cub Scout advancement changes. Boys and girls who are currently Bears or first-year Webelos can attend next summer. They will have the opportunity to work on several Webelos and Arrow of Light Core and Elective Adventures – plus all the fun and excitement that's always been a part of the Camp Three Falls summer experience!

All of us at Camp Three Falls are committed to providing exciting programs; top-quality advancement work; and the best food you'll find at any summer camp in southern California. Be a part of our success and let us help you build lifelong memories.
